

SUPER MARKET MANAGEMENT SYSTEM

Presented By ...

Abstract

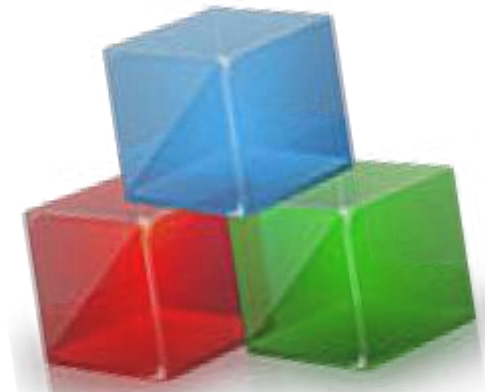

- ❑ The Project Supermarket Management System deals with the automation of supermarket. It includes both sales and purchase of items.
- ❑ The project Supermarket Management System is developed with the objective of making the system reliable, easier, fast, and more informative.
- ❑ In the manual System, there are number of inefficiencies that a salesperson faces. Large records-books have to be maintained where relevant and irrelevant information has to be stored which is very untidy and clumsy process. But our System reduces paper works.
